Florida Birding and Nature Festival a big success

From April 9-April 12, over 500 participants enjoyed all there was to experience at The Florida Birding Festival, held in Apollo Beach. These four days included field and boat trips, expert seminars, a live flying raptor demonstration, keynote speakers and a

free nature expo. This is the ninth year for the festival and provides opportunities for experienced trip leaders, preserve managers, authors and experienced birders to share their expertise.

SCC Woman's Club April Volunteer of the Month

From left: Janet Hoffman with Caroline D'Antonio, club president

Being a good volunteer does not mean just helping out a friend or family. A good volunteer is an organizer and planner and is skilled at time management and team work. SCC Woman's Club recognizes members with these qualities each month, and in April recognized Janet Hoffman. Janet is the welcoming chair, and one of the first ladies you meet when attending a meeting. Janet and her team of volunteers happily greet and seat attendees. Janet is also involved in some of the many projects in the organization. Janet defines the volunteer spirit.
