

DAR gives back

The Col. George Mercer Brooke Chapter of the Daughters of the American Revolution meets monthly, September through May, in Sun City Center. In addition to a presentation that ranges from education and historic events to patriotism, the chapter has a Service in Second Project each month. These include collecting items for various groups in Sun City Center or our local area.

In January, we collected snacks for our area's first responders. These were distributed to the Sheriff's Department, the Fire Station, the Emergency Squad and the Security Patrol. In February, the chapter collected items (baby needs and handmade blankets) for the Mary Martha House in Ruskin. March's program, as well as its focus was the Hillsborough Education Foundation where the need was for teacher supplies. In April, the ladies answered a call from McDill for items needed by our service men and women. In May we gathered cereal for the area's young people who will not have "free lunches" once school is out for the summer.

If you are interested in our chapter and the DAR, send an email to DARCGMB@aol.com/.

For business owners and teams
Performance Insight

Performance Insight is a weekly look at real-world business challenges I see across teams and organizations.

Each week highlights:

- Communication
- Consistency
- Execution

... while offering practical insights to help improve performance.

The Follow-Up Standard
 Follow-up should never depend on memory.

Without structure, it becomes inconsistent.
 The businesses that win are the ones that follow through — every time.

Improving execution . . . strengthening teams . . . driving results.
